

# To Dee Moon Publishing Editing Services

## Basic Copyediting

This service is appropriate for manuscripts that require attention to basic writing mechanics. Your editor will work through the entire text, correcting errors in spelling, grammar and punctuation as well as minor errors in syntax and word choice. Your editor will note potential permissions issues; flagging instances in the manuscript where permission from an outside source may be required. This level of editing is not appropriate for manuscripts that require greater attention to sentence structure, organization and content. *(Please see price list below for basic copyediting rates)*

## Substantive Copyediting

Some manuscripts require a higher level of editorial attention than basic copyediting provides. In addition to correcting spelling, punctuation and grammar, your editor will make specific recommendations to clarify meaning, promote consistency, and smooth the flow of the text. This level of copyediting is an appropriate choice for manuscripts of greater complexity or when minor fact checking may be required.

## Premium Copyediting

This service is recommended for manuscripts that need extensive structural and organizational work at the word, sentence and paragraph levels. In addition to addressing mechanics, your editor will make recommendations to improve the manuscript's overall composition and strengthen technical elements in the writing. This service is an ideal choice for non-native English speakers and some first-time authors.

**Note:** Prices listed below are for basic copy-editing. If manuscript requires higher level of editing a separate quote will be given. Turn-around times are based on when the editor accepts the job and gives an official start date in writing.
